FOREWORD

THANKS

Dear Customer,
May we take this opportunity to thank you for purchasing this player. We strongly recommend that you carefully read the User Manual before attempting to operate the unit and that you note the listed precautions.

1. Ensure a minimum distance of 5 cm around the apparatus for sufficient ventilation.

2. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-clothes, curtains, etc.

3. No naked flame sources, such as lighted candles should not be placed on the apparatus.

4. When the mains plug is used as the disconnect device, the disconnect device shall remain readily operable.

5. The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

6. The batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

7. This unit is controlled by a micro-computer, therefore a display error may occur when there is a thunder storm, static interruption or other interference. In this case, please turn off the power for 10 seconds and the unit reset to normal once it is switched on.

8. When you connect an iPone to the iPod tower, the iPhone will given an error because you cannot use the iPod tower as a hands free device.

RADIO OPERATION

1. Enter FM Function

   In the turn-on or playing status, press the FM button on the remote control to enter FM mode.

2. Select Bands

   1) Directly input frequency: press the T/F button on the remote control, then input the frequency that you want. The range of FM frequency is from 87.50MHz to 108.00 MHz.

   2) Select the band by pressing TU- or TU+ button: press this button to adjust the frequency up or down a step. The step of FM is 0.05 MHz.

   3) Select saved stations by pressing number buttons. For example: press 10+ button twice, 5 button once, you may select the 25th saved station. Press the CH- or CH+ button to switch the previous or next band.

   4) Automatically search bands: press the SEARCH button, this system starts to search bands from low to high frequency automatically. The searched band are saved automatically. Press this button again to stop searching.

3. Save Bands

   Press the SAVE button to save the current frequency of band. For example: if you want to save 99.3 MHz in 28th cell, press 10+ button twice and 8 button once, press T/F button to input 9 9 3, then press SAVE button.

4. Soundtrack Selection

   To select Mono or Stereo while in FM mode, press MO/ST button. When you select stereo, the display shows a stereo signal. If the signal is not strong enough, you cannot select Stereo.

5. Exit FM Mode

   1) Press the USB/SD button on the remote control to exit FM status, and switch to USB/CARD mode.

   2) Press the IPOD button on the remote control to exit FM status, and switch to the IPOD mode.

   3) Press the AUDIO button on the remote control to exit FM status, and switch to Audio input mode.

(Please vary the antenna direction to find the strongest signal for each station.)

WARNING

Please read and understand all the warnings given in the following and those marked on the unit. This unit has been designed and manufactured to assure personal safety.

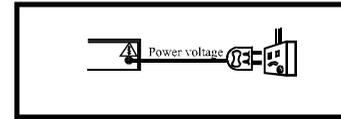

Only use the power by sign on User Manual or system.

Keep the unit and power plug away from water.

Avoid direct sunshine and nearing heater.
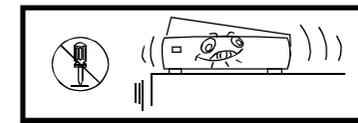

Never open the cover, avoid metals dropping in, such as needle, hairpin, coin etc.

Protect power cable: avoid high pressure and stamp on; do not pull & bend excessively.
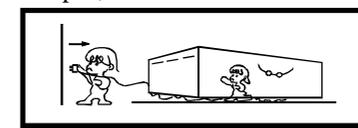

Unplug the set from the outlet when you do not use it for a long time.

INSTALL THE REMOTE CONTROL BATTERY
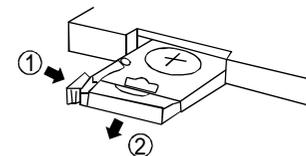

1. Reverse the remote control, and clasp the buttonhole, then pull the cover out at the same time.
2. Insert the battery of type CR 2025 into the battery compartment. Make sure the symbol + faces up.
3. Replace the battery cover.

Note:

1) If the remote control only can work within short distance, please change a new battery.
2) Never try to recharge batteries, short-circuit, cutting or buried.
3) If you won`t use the remote control for a long time, please remove the battery.
